Attached please find the beginning of my complaint against Attys. Lelling and Pellegrini -

Please note that I am a whistleblower (private citizen) acting on behalf of the FBI, IRS and DOJ public notice of January 24, 2020 (as well as 2012 public notice) - "anyone who suspects municipal malfeasance is encouraged to report it to us"

I came to learn of embezzlement in Natick - to which the school committee was aware and is covering up from taxpayers/public -

I then learned that school committees (all but Boston as of September 2018) are not in compliance with how grants per federal and state laws are to be processed) -

Natick school committee excluded my child - she continues to be denied FAPE - we have retained a forensic psychologist who confirms child was retaliated and was traumatized/harmed because of my whistleblower actions of acting on the best interest of the FBI/DOJ/IRS

I will follow up tomorrow -
Corey

Director Ragsdale:

Attached is the response I received from your office -

I believe our claim that you have no jurisdiction over public schools is in error -my complaint is not against the schools but the school committee who are elected public officials who are engaged in corruption.

The DOJ does have jurisdiction over public officials - it is the school committee members who are engaged in the corruption which also involves denial of civil rights - the police are also involved in the corruption and denial of civil rights. The corruption involves money laundering which Assistant attorney Nadine Pellegrini is responsible for prosecuting -

Please respond clarifying if your office does not oversee public officials and police involved in municipal malfeasance - and conspiracy to deny civil rights.

Time is of the essence - my child continues to suffer.

Respectfully,
Corey Spaulding

Please note in the response letter from FBI Professional Responsibility "we have no jurisdiction over public schools" - in the Spaulding Matter it is the School Committees (elected officials) who have the legal authority to include/exclude a student per MGL c. 76 s 5 and per MGL c. 44 s 53A and MGL c71 s 37a the School Committee has the authority to accept grants (Massachusetts Association for School Committees "MASC") policies (Wellesley) has the Superintendent not the school committee having the authority.
